Sec. 4. Classes of insurance. Insurance and insurance business shall be classified as follows:

Class 1. Life, Accident and Health.

(a) Life. Insurance on the lives of persons and every insurance appertaining thereto or connected therewith and granting, purchasing or disposing of annuities. Policies of life or endowment insurance or annuity contracts or contracts supplemental thereto which contain provisions for additional benefits in case of death by accidental means and provisions operating to safeguard such policies or contracts against lapse, to give a special surrender value, or special benefit, or an annuity, in the event, that the insured or annuitant shall become a person with a total and permanent disability as defined by the policy or contract, or which contain benefits providing acceleration of life or endowment or annuity benefits in advance of the time they would otherwise be payable, as an indemnity for long term care which is certified or ordered by a physician, including but not limited to, professional nursing care, medical care expenses, custodial nursing care, non-nursing custodial care provided in a nursing home or at a residence of the insured, or which contain benefits providing acceleration of life or endowment or annuity benefits in advance of the time they would otherwise be payable, at any time during the insured's lifetime, as an indemnity for a terminal illness shall be deemed to be policies of life or endowment insurance or annuity contracts within the intent of this clause.

Also to be deemed as policies of life or endowment insurance or annuity contracts within the intent of this clause shall be those policies or riders that provide for the payment of up to 75% of the face amount of benefits in advance of the time they would otherwise be payable upon a diagnosis by a physician licensed to practice medicine in all of its branches that the insured has incurred a covered condition listed in the policy or rider.

"Covered condition", as used in this clause, means: heart attack, stroke, coronary artery surgery, life-threatening cancer, renal failure, Alzheimer's disease, paraplegia, major organ transplantation, total and permanent disability, and any other medical condition that the Department may approve for any particular filing.

The Director may issue rules that specify prohibited policy provisions, not otherwise specifically prohibited by law, which in the opinion of the Director are unjust, unfair, or unfairly discriminatory to the policyholder, any person insured under the policy, or beneficiary.

(b) Accident and health. Insurance against bodily injury, disablement or death by accident and against disablement resulting from sickness or old age and every insurance appertaining thereto, including stop-loss insurance. In this clause, "stop-loss insurance" means insurance against the risk of economic loss issued to or for the benefit of a single employer self-funded employee disability benefit plan or an employee welfare benefit plan as described in 29 U.S.C. 1001 et seq., where (i) the policy is issued to and insures an employer,

trustee, or other sponsor of the plan, or the plan itself, but not employees, members, or participants; and (ii) payments by the insurer are made to the employer, trustee, or other sponsors of the plan, or the plan itself, but not to the employees, members, participants, or health care providers. The insurance laws of this State, including this Code, do not apply to arrangements between a religious organization and the organization's members or participants when the arrangement and organization meet all of the following criteria:

(i) the organization is described in Section 501(c)(3) of the Internal Revenue Code and is exempt from taxation under Section 501(a) of the Internal Revenue Code;

(ii) members of the organization share a common set of ethical or religious beliefs and share medical expenses among members in accordance with those beliefs and without regard to the state in which a member resides or is employed;

(iii) no funds that have been given for the purpose of the sharing of medical expenses among members described in paragraph (ii) of this subsection (b) are held by the organization in an off-shore trust or bank account;

(iv) the organization provides at least monthly to all of its members a written statement listing the dollar amount of qualified medical expenses that members have submitted for sharing, as well as the amount of expenses actually shared among the members;

(v) members of the organization retain membership even after they develop a medical condition;

(vi) the organization or a predecessor organization has been in existence at all times since December 31, 1999, and medical expenses of its members have been shared continuously and without interruption since at least December 31, 1999;

(vii) the organization conducts an annual audit that is performed by an independent certified public accounting firm in accordance with generally accepted accounting principles and is made available to the public upon request;

(viii) the organization includes the following statement, in writing, on or accompanying all applications and guideline materials:

"Notice: The organization facilitating the sharing of medical expenses is not an insurance company, and neither its guidelines nor plan of operation constitute or create an insurance policy. Any assistance you receive with your medical bills will be totally voluntary. As such, participation in the organization or a subscription to any of its documents should never be considered to be insurance. Whether or not you receive any payments for medical expenses and whether or not this organization continues to operate, you are always personally responsible for the payment of your own medical bills.";

(ix) any membership card or similar document issued by the organization and any written communication sent by the organization to a hospital, physician, or other health care provider shall include a statement that the

organization does not issue health insurance and that the member or participant is personally liable for payment of his or her medical bills;

(x) the organization provides to a participant, within 30 days after the participant joins, a complete set of its rules for the sharing of medical expenses, appeals of decisions made by the organization, and the filing of complaints;

(xi) the organization does not offer any other services that are regulated under any provision of the Illinois Insurance Code or other insurance laws of this State; and

(xii) the organization does not amass funds as reserves intended for payment of medical services, rather the organization facilitates the payments provided for in this subsection (b) through payments made directly from one participant to another.

(c) Legal Expense Insurance. Insurance which involves the assumption of a contractual obligation to reimburse the beneficiary against or pay on behalf of the beneficiary, all or a portion of his fees, costs, or expenses related to or arising out of services performed by or under the supervision of an attorney licensed to practice in the jurisdiction wherein the services are performed, regardless of whether the payment is made by the beneficiaries individually or by a third person for them, but does not include the provision of or reimbursement for legal services incidental to other insurance coverages. The insurance laws of this State, including this Act do not apply to:

(i) retainer contracts made by attorneys at law with individual clients with fees based on estimates of the nature and amount of services to be provided to the specific client, and similar contracts made with a group of clients involved in the same or closely related legal matters;

(ii) plans owned or operated by attorneys who are the providers of legal services to the plan;

(iii) plans providing legal service benefits to groups where such plans are owned or operated by authority of a state, county, local or other bar association;

(iv) any lawyer referral service authorized or operated by a state, county, local or other bar association;

(v) the furnishing of legal assistance by labor unions and other employee organizations to their members in matters relating to employment or occupation;

(vi) the furnishing of legal assistance to members or dependents, by churches, consumer organizations, cooperatives, educational institutions, credit unions, or organizations of employees, where such organizations contract directly with lawyers or law firms for the provision of legal services, and the administration and marketing of such legal services is wholly conducted by the organization or its subsidiary;

(vii) legal services provided by an employee welfare benefit plan defined by the Employee Retirement Income Security Act of 1974;
